

Songyuan split down-the-hole drill rig

What is a SWDE drilling rig?

The SWDE series is surface down-the-hole drilling rigs which have a drilling diameter of 90-230mm and a max drilling depth of 36m. Meeting the drilling needs of vertical, inclined and horizontal blasting holes under various geological conditions, with high hole-forming efficiency, low energy consumption and environment-friendly skills.

How do advanced drilling rigs work?

These precise and powerful rigs ensure that drilling is conducted efficiently, allowing for the effective fragmentation of rock. Advanced rigs are equipped with GPS and automated systems that optimize the drilling pattern, reducing human error and increasing the accuracy of the drilling process.

What is a DTH rig?

It is the most silent and ergonomic cabin across down-the-hole (DTH) drill rigs. Machine information is integrated on one touch display and a trainer or service technician can fit behind the operator seat. This rig's durable main components, outstanding mobility and powerful tramming contribute to operational productivity and operating stability.

The KG726III/KG726HIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine, the ...

SWDQ120 split DTH drill rig for small quarry Drilling method: Separated Down-the-hole Hole diameter: 90-152mm DTH-hammer: 3.5, 4 and 5 inches Engine ...

DMiningwell 416T-1 small split down-the-hole drill rig is mainly used in quarries, cement mines, open-pit coal mines and other types of mines. It is equipped with a 3.5-inch impactor, a main ...

Jining Fangze Machinery Co., Ltd is located in Shiqiao Industrial Park, Jining City, Shandong Province, China. Covering an area of about 40,000 square meters, it is a comprehensive ...

As one of the leading split down-the-hole drilling rig manufacturers and suppliers in China, we warmly welcome you to wholesale split down-the-hole drilling rig in stock here from our factory. ...

The ZEGA D345 split down hole drilling rig is an innovative upgrade based on mature models, with core components selected from internationally renowned brands, stable performance, and ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include auger and down-the-hole rigs. ...

Songyuan split down-the-hole drill rig

Discover the benefits of large-diameter DTH hammer drilling technology. Achieve efficient, precise, and sustainable deep hole drilling for ...

D miningwell high wind pressure down hole drill bit has strong penetration, good stability and wear resistance, suitable for drilling operations in hard rock and ...

The split down-the-hole drill rig, with its split design, is convenient and fast to move, can quickly respond to drilling needs in different areas, and improve construction efficiency.

Down The Hole Hammer Drill Rigs for Mining, the ZEGA D470A's diesel-powered, down-the-hole (DTH) drill has excellent mobility, a smaller footprint and the ability to serve multiple sites. It is ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include augering and down-the-hole rigs. Typically these are mounted onto ...

Portable DTH Drilling Rig is a highly efficient and widely applicable drilling equipment, widely applicable to small and medium-sized mines and transportation, national defense, water ...

ZGYX-430/416-1 Split Open-pit Downhole Drill This type of drill rig is the traditional heavy-weight split type drilling rig. Its full-featured design and high ...

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the ...

High-quality Crawler Integrated DTH Drill Rig, separate drilling rig, Open Air Crawler Drill Rig is our eternal pursuit! We coalesce into a strong corporate execution force, so that the company ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

Songyuan split down-the-hole drill rig

MININGWELL Separated DTH drill rig drilling rig is used for open pit, mine, quarry, construction etc. And this mine drilling rig is with good integrity, ...

Cummins engine, high-torque power head, and heavy-duty propulsion beam with excellent torque bending resistance provide guarantee for efficient drilling; Equipped with a dry dust collector ...

Great for Deep Drilling: Can drill over 300 meters deep. Flexible Setup: Choose the right compressor and drill for each job. Strong and Durable: Can work in hard environments for ...

Shandong Hengwang Group Main products include wheel excavators, drilling rigs, pile drivers, excavators, road rollers, etc. Toll-free sales hotline: 400-9975-666 For engineering ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the mining, construction, and quarrying ...

A7 73.5kw 3200N.M Dth Drilling Machine Mining Drilling Machine The Hongwuhuan A7 is a split-type crawler-mounted open-pit down-the-hole drill rig meticulously developed by Hongwuhuan ...

Go to Tzpilemachine for our high precision and high quality split down-the-hole drilling rigs. Factory price split down-the-hole drilling rigs, etc.,

Product description Drilling method: Separated Down-the-holeHole diameter: 90-152mmDTH-hammer: 3.5, 4 and 5 inchesEngine brand: YuChai SWDQseries ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the drilling hole to rotate and drill to the ore ...
