

South Africa American Iron Ore Down-the-Hole Drilling Rig

The concept of a water-powered, down-the-hammer (WDTH) had been explored prior to G. Drill acquiring the original patent from Atlas Copco in 1988. LKAB, a huge underground mining ...

In the mining industry, down the hole drilling rig is known as the "Cutting-edge technology in the drilling industry", and its emergence has brought revolutionary changes to ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our surface drill rigs combine power ...

The vision of AL Drilling is to be the market leader in drilling and blasting techniques in South Africa as well as internationally. We want our clients to ...

The move into Blasthole Drilling represents a significant milestone as we aim to diversify our portfolio of specialized drilling services to ensure we offer a broad ...

A down-the-hole (DTH) drill rig introduced to the market in 2018 has become the preferred choice for surface mines across southern Africa, particularly in high-capacity ...

SWD series down-the-hole drills are widely used in blasthole drilling applications for surface mining, construction and quarries. Hole diameters range from 138mm to 255mm ...

Down-The-Hole drill, abbreviated to DTH is probably the most productive and cost effective method used to drill accurate and quality holes between 4" and 10" diameter.

Whether you're developing a decline, drilling to break up ore or installing rock support, we engineer an extensive range of mining and surface equipment for mining development and ...

Narrow Vein Drill Rigs Narrow vein drill rigs are similar to low profile drill rigs, in that they are designed to venture into and extract ore from confined spaces. ...

On the back of its global debut at the 2018 edition of Electra Mining Africa, the Sandvik Leopard(TM) DI650i down-the-hole (DTH) drill rig has earned ...

Form an array and set off for South America! Recently, 10 XCMG XQZ152 DTH drilling rigs were delivered in bulk to assist in the construction of mines in ...

South Africa American Iron Ore Down-the-Hole Drilling Rig

What Is The Working Principle Of the DTH Drill Equipment? Everyone should know about the down-the-hole drill carriage and even have used it. DTH ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our ...

The first unit to arrive in the country has already been sold, and will carry out duties in a Northern Cape iron ore mine. Equipped as a down the ...

The Pit Viper 271 is the drill that put the Pit Viper series on the map. It operates in almost every surface mining application out there - gold, copper, coal, iron ore, phosphate, silver - you ...

Deployment of 28 next-generation drill rigs at Kumba Iron Ore in the Northern Cape is part of Anglo American's FutureSmart Mining(TM) strategy ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

P.G Drilling Equipment and Accessories, have continued to manufacture and strive to better our already impressive range of Down the hole hammers, back hammers, spares, accessories, ...

Down-The-Hole drill, abbreviated to DTH is probably the most productive and cost effective method used to drill accurate and quality holes between 4" and 10" ...

One of the first female drill rig operators to be trained by drilling solutions technology provider Rosond of Midrand is Veronica De Koker, also ...

On the back of its global debut at the 2018 edition of Electra Mining Africa, the Sandvik Leopard(TM) DI650i down-the-hole (DTH) drill rig has earned its stripes in the southern ...

P.G Drilling Equipment and Accessories, have continued to manufacture and strive to better our already impressive range of Down the hole hammers, back ...

Triple H DTH This DTH unit has a unique rock drilling capability and is very popular in South Africa. This down-the-hole (DTH) drilling rig is designed for ...

In keeping with the theme for Women's Day on 9 August, namely "Generation Equality: Realising Women's Rights for an Equal Future", ...

One of the first female drill rig operators to be trained by drilling solutions technology provider Rosond of

South Africa American Iron Ore Down-the-Hole Drilling Rig

Midrand is Veronica De Koker.

The Sandvik Leopard(TM) DI650i down-the-hole (DTH) drill rig has earned its stripes in the southern African surface mining sector, particularly in ...

Tunnelling and Mining development Making holes is part of our business. HPE supplies drilling rigs to conventional underground mines for horizontal tunnel development, incline tunnel ...

One of the first female drill rig operators to be trained by drilling solutions technology provider Rosond of Midrand is Veronica De Koker, also the first women in the ...
