

Spanish power tool air compressor manufacturer

Who is California air tools?

California Air Tools is an air compressor manufacturer founded in San Diego in 2002. They started with a team of professionals familiar with the air tools industry. They make "Ultra Quiet" air compressors that are among the quietest in the business. They make compressors and air tools as well.

Who makes Sullair air compressors?

Now Sullair is part of the Hitachi Industrial Equipment Systems Co., Ltd. compressor portfolio. And our machines are famous all over the world for their legendary durability. As the industry moves forward, Sullair will always be at the forefront with quality people, innovative solutions, and air compressors that are built to last.

Who makes Rolair air compressors?

Rolair is a Wisconsin-based air compressor manufacturer that was first incorporated in 1959 as Associated Engineering Corporation (AEC). The company first started offering compressors and ventilation fans for barns. They offer a wide range of compressors that are well-known throughout many industries.

Are Sullair air compressors ISO 9001 certified?

Our Michigan City facility is ISO 9001:2015 certified to assure the highest quality standards in manufacturing. For more than 50 years, Sullair has been on the leading edge of compressed air solutions. We were one of the first to execute rotary screw technology in our air compressors.

Where are air compressors made?

California Air Tools assembles their air compressors in California, but they don't do the manufacturing there. Most of their compressor components are made in Mexico and then assembled in the US. But if you're looking for a quiet, medium-sized compressor, this brand is a good choice.

Who makes stealth air compressors?

Stealth is a brand of air compressors under the parent company Alton Industries. Alton has been in the tool business for 15 years, making them a relative newcomer. But Stealth air compressors are quickly becoming popular among DIYers and those working in construction.
