

TPC Electric Air Compressor

What are the different types of air compressors?

Shop our large selection of electric powered air compressors. Top brands include; Chicago Pneumatic, Ingersoll Rand, RolAir and Campbell Hausfeld. Types include; portable, stationary, reciprocating (piston) and rotary-screw. Electrics can come in a wide range of voltages and sizes. Ours range from the common 110V and 220V up to 480V.

What voltage do I need for my compressed air system?

Any voltage over 110V should be verified by an electrician for voltage and phase before ordering. Portland Compressor custom configures and builds compressed air systems to fit your needs. We also work with; military, federal, state, county and local governments, hospitals, dental offices, and manufacturing plants.
