

Tongchuan Kaishan kg320 open-pit down-the-hole drill rig

High Performance KG430 Crawler Blasting Drill Machine Rock Drilling Rig for Mining Kaishan KG430 25m blasting ground hole Quarry Rock DTH Mining ...

Integrated Surface DTH Drilling Rig, KT15 Down-the-hole drill rig for open-pit mining This machine is produced based on our company"s years of drilling-rig ...

The KG9 down the hold drill rig is designed for open pit mines and quarries for drilling holes with a diameter of ?105-152mm in vertical, inclined, and horizontal orientation.

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. ...

We are the first level agency of KAISHAN Group, the biggest air compressor and drilling equipment manufacturer in China. OEM and ODM services are available if you need.

Brief info: Kaishan brand High quality KG320/KG320H Down the hole Drill Rig for Open use mining, US \$ 14,000 - 16,000 / Set, New, 1 year, Video technical ...

KT12 Integrated Down the hole Drill RigThe KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

KT5C Integrated Down the hole Drill Rig for open use, View hole Drill Rig for open use, kaishan Prod KT5C Integrated Down the hole Drill Rig for open use, US \$ 37,800 - 37,800, New, 1 ...

The ZT5 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air compression system.

Our KG320/KG320H down the hole drill rig is designed for open pit mines and quarries. The drill rig comes outfitted with a Yuchai engine which delivers excellent performance and meets ...

Rotary Blasthole Drilling Rig, KG320/KG320H Surface down-the-hole drill rig for open-pit mining This kind of rotary blasthole drilling rig is equipped with axial piston motor, continuous tracks ...

Tongchuan Kaishan kg320 open-pit down-the-hole drill rig

Down-the-hole drill rig for open-pit mining This machine is made with drilling rig that works in a high-efficiency and energy-saving way, which is, no doubt, a good choice for owners" of small ...

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and customized ...

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

The KG320/KG320H open-air downhole drilling truck is a new equipment upgraded in response to national environmental protection requirements. Equipped with Yuchai four cylinder National III ...

ZT10 Integrated Down the hole Drill Rig for Open UseThe ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet ...

The KG320/KG320H down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection.

kaishan dth drilling rigs are designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Call us for a FREE quote now!

The KG320/KG320H down the hole drill rig blast drilling rig for open use is an improved device in compliance with national regulations on environmental ...

The KG320/KG320H down the hole drill rig blast drilling rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai ...

KG320/KG320H Down the hole drill rig for open use The KG320/KG320H down the hole drill rig for open use is an improved device in compliance with national regulations on environmental ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

KT25 open-pit down-the-hole drilling rig is a new type of drilling equipment carefully designed for the needs of large open-pit mines on the basis of years ...

The Kaishan KT15 high pressure integrated drilling rig is specially designed as a high efficiency mining machine for large scale open-pit mines based on our years of experience designing ...

KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the

Tongchuan Kaishan kg320 open-pit down-the-hole drill rig

hole drilling system and screw air compressor system,It is capable of drilling vertical, ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

MWYX-420 seprated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed-adjustable multi-way valve. The rotary torque can be ...

The KG430/KG430H down the hole (DTH) drill rig is engineered for high efficiency open pit mining and stone quarrying use. The track drill features tramming and drilling controls easily accessed ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.
