

Water Well Drilling Rig Model 260

Warning/Disclaimer This product has acquired the relevant product qualification (s)/license (s) of certain applicable country/countries. View more Product Description Water well drilling rig ...

Industrial-grade ST 260 water well drilling rig with 260m depth capacity, hydraulic propulsion, and 24-month warranty. Ideal for rock, mud & sand conditions.

Wheel hydraulic water well drilling rig Max. torque: 3500 Core components: Motor Gearbox Bearing Suitable: Wheel hydraulic water well drilling rig Keyword: 61 hp four-cylinder engine ...

XSL5/260 drill depth 500m deep water well drilling rig machine price XSL5/260 Deep Well Drilling Rig is a full hydraulic system and top drive Deep Well Drilling Rig, it's mainly used to water ...

SW-260C crawler hydraulic drilling rig is mainly used for well drilling in resource exploration and hydrology wells, civil use water well, agriculture irrigation, etc.

XCMG Official 12.5ton Water Well Drilling Rig XSL5/260. XSL series deep (water) well drilling rig uses full hydraulic control and the top drive to drive the rotation ...

They are widely used in industrial and agriculture water project, testing well and other exploration borehole. In particular, drilling hole for geothermal heating, it can also meet the engineering ...

Brand New PDTHR 300 PRL Truck Mounted Drill Rig Model PDTHR-300 Brand New is primarily designed for water well applications as drinking water or for ...

Explore the 260m crawler water well drilling rig MW260. With a wide range of hole diameters, it provides reliable performance for deep water well projects. Discover its advanced features and ...

Our factory mainly produces water well drilling rigs, core drilling rigs, down-the-hole drilling rigs, pile drivers, etc. The products have been exported to hundreds of countries around the world ...

ST260 series water well drilling rig is a lightweight, efficient and multifunctional drilling equipment, The water well drilling rig is mainly applicable to industrial and civil drilling, geothermal drilling, ...

PD260 series well drillers adopt multi-function full hydraulic control, top power head drive rotary, high drilling efficiency. The overall layout reduces the overall ...

Large drilling diameter: The drilling rig is mainly suitable for drilling holes for water wells, agricultural

Water Well Drilling Rig Model 260

irrigation wells, geothermal air conditioning holes, and other purposes, especially ...

Contact MPR Models for a quote on a scale drilling rig model, workover rig model or any other type of oilfield related model for your office, classroom, museum, or home.

We actively enter overseas markets and strive to become an international XCMG Official Water Borehole Drilling Machine Xsl5/260 Deep Well Drilling Rig company. We insist to the road of ...

KW260 Water Well Drilling Rig KW260 water well drilling rig comes with a rubber track, a user-friendly operating panel, a max. drilling depth of 260m, a supporting power of 75kW and a ...

A: We mainly produce small hydraulic drilling rig, water well drilling rig, core drilling rig, engineering drilling rig, geological exploration drilling rig, etc., and we will recommend the ...

ST 260 Water Well Drilling Rig With Different Hole Diameters Fast Drilling Speed ST 260 Water Well Drilling Rig Introduction ST-260 drilling rig 's drilling depth is 260 meters,the hole ...

Preferred Pump's Used Rig Marketplace is a great place to list your used water well equipment, drilling rigs, and pump hoists for sale.

The ST 260 is a lightweight, efficient, and versatile drilling rig designed for water wells, irrigation systems, geothermal applications, and other borehole drilling needs. Engineered to perform in ...

The DMiningwell MW260 III Crawler water well drilling rig is a powerful, reliable and efficient drilling equipment. Equipped with high-performance engines and tracks, it can handle a variety ...

Crawler water well drilling rig MW260 self-propelled pneumatic drilling rig is suitable for industrial and civil drilling and ground temperature drilling. It has ...

High quality 260 Meters Water Well Borehole Drilling Rig Diesel Engine Customized from China, China's leading product market Diesel Engine Borehole Drilling Machine product, with strict ...

We are Water Drilling Rig manufacture and supplier, provide 500meters Depth Crawler Water Well Drilling Rig Xsl5/260 on sale,factory price.

XSL5/260 Deep Well Drilling Rig is a full hydraulic system and top drive Deep Well Drilling Rig, it's mainly used to water wells, monitoring well, grouting hole, air conditioner hole (geotherm), ...

ST260 series water well drilling rig is a lightweight, efficient and multifunctional drilling equipment, The water well drilling rig is mainly applicable to industrial ...

Water Well Drilling Rig Model 260

Presenting our versatile 260m Self-Propelled Water Well Drilling Rig, available in three innovative versions: the standard model, the upgraded variant with an advanced opening and closing drill ...

Our drilling rigs are more efficiency and with low failure rate, more economic and durable, and with a high comprehensive cost performance. This drilling rig is suitable for drilling projects such as ...

KW260 Water well drill rig is upgrade from KW180, compared with KW180 bore well drill rig, KW260's drilling diameter can reach to 305mm, and the drilling depth also can reach 260 ...

The main configuration of UY260 water well drilling rig Model: UY260 with steel crawler Depth: 260m Diameter: 100-305mm (4-12inches) Diesel engine: 74 KW Cummins The ...

YG series of well drilling rig is a lightweight, efficient, versatile drilling hole equipment, which is mainly applied in drilling wells, irrigation wells, geothermal wells and air holes for other ...
