

## What is the maintenance phone number for down-the-hole drill rigs in China

What is a DTH drilling rig?

The DTH drilling rig manufacturer can provide diesel power, electric power, and diesel-electric hybrid power configurations. High-pressure perforations are powerful. It is a surface rock drilling rig suitable for aggregate quarries, limestone quarries, open-pit mining and building construction.

What is a Taiye hydraulic surface top hammer drilling rig?

TAIYE fully hydraulic surface top-hammer drilling rig is equipped with a high-power hydraulic rock drill for drilling operation. As a hydraulic drilling rig manufacturer, we can provide efficient, energy-saving and environmentally friendly rock drilling equipment of fast drilling speed.

What is a D mining well high wind pressure down hole drill bit?

D mining well high wind pressure down hole drill bit has strong penetration, good stability and wear resistance, suitable for drilling operations in hard rock and medium hard rock. They are mainly used in open pit mining, quarries, hydropower projects, drilling of water wells, and support of excavation side columns.

What is taiye-370-dth drilling rig?

It is an efficient, energy saving and environmentally friendly rock drilling equipment. TAIYE-370-DTH is a separated hydraulic down-the-hole drilling rig with excellent grade ability. This durable drilling rig can meet your strict drilling requirements and is always ready to exceed your expectations.

What is swdh series Full hydraulic top hammer drilling rig?

SWDH Series full hydraulic top hammer drilling rig is a SUNWARD brand drill rig that our company represents. It is designed according to the working conditions of small and medium-sized quarries and small open-pit mines. It is mainly used for drilling rocks with a hardness of F10 or above.

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

The DCRL130, from Furukawa FRD, is an environmentally friendly & compliant rock drill that is proven, reliable & high-performing while conforming to market-specific emission regulations.

The most productive drill available for rotary tricone and down the hole drilling of 171mm to 270mm (6-3/4" to 10-5/8 ") holes with up to 59 ft (18 m) clean hole single pass capability.

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

## What is the maintenance phone number for down-the-hole drill rigs in China

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our ...

The reason customer want to drill the hole is that drill and blast is the most efficient and economic way to break rock instead of excavating it. ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

We're professional integrated down the hole drill rigs manufacturers and suppliers in China, specialized in providing high quality products and service. We ...
