Shanghai Screw Compressor Co.,Ltd. is committed to the research and development,manufacturing,sales and service of air compressor. In the earlier stage,SCR take use of Germany technology to build compressor. In 2018,SCR become a joint venture company with Japan Anest Iwata,which introduce technology and quality management system from Japan.

What is a screw compressor?

Screw compressors are the workhorses of the industrial air world. They operate using two helical screws (rotors) that trap and compress air as they rotate. Ideal for continuous operation,they are common Introduction: Why Change Is InevitableManufacturing is evolving fast.

Do you need a screw compressor?

Introduction: Why a Screw Compressor Needs MoreA screw compressor may be the workhorse of your compressed air setup--but without air tanks and dryers, it's only half the story. Like a car without a fuel tank or cooling system, it functions--but inefficiently, noisily, and with risk. Let's explore
