

XCMG Tunnel Fully Hydraulic Core Drilling Rig

XDY2000 XDY series fully hydraulic core drilling rig is a kind of drilling equipment used for core drilling in mineral exploration and prospecting.

?? CCMIE 08/11/202408/11/2024 XCMG XDY series full hydraulic concrete core drilling rig XDY600P are specially designed for the general investigation and ...

Looking for a good deal on tunnel drilling rig? Explore a wide range of the best tunnel drilling rig on AliExpress to find one that suits you! Besides good quality brands, you'll also find plenty of ...

XCMG concentrates on studies of pile foundation construction technology, non-excavation pipeline construction technology and special construction equipment, and has carefully ...

EP550 Portable Fully Hydraulic Drilling Rig With Light Weight is one of the Sinocoredrill's very mature product. With its features of transported easily in hard-to-access areas, quick ...

The fully hydraulic crawler core drilling machine for mining is mainly suitable for wireline coring diamond drilling technology. Due to the adoption of foreign ...

XCMG rotary drilling rigs are equipped with a variety of drill rods and drilling tools, suitable for different geological conditions and construction requirements (such as drilling, pile foundation ...

The Hydraulic Tunnel Drilling Rig is a multi-purpose hydraulic underground coal mine tunnel drilling rig and highly effective for coal gas mine drilling, gas drainage, plughole well. Robust ...

The HYDX-6E fully hydraulic core drilling rig is designed as an integrated fully self loading type (oil cylinder direct push type), using a combination of closed and open circuits and electro ...

The drilling rig has rich functions and can realize micro-piling, foundation pit support, slope anchoring, pipe shed support, tunnel grouting, geological ...

YG series fully hydraulic core drilling rig is a new type of drilling rig developed by our company based on referring to the advanced technology of similar drilling rigs at home and abroad.

TECHNOLOGY DBC Drill Rig Product Range Surface and underground drill rigs Fully hydraulic with rod handling synchronization. CE certified The most advanced robot arm and rod elevator ...

XCMG Tunnel Fully Hydraulic Core Drilling Rig

crawler water well drilling rig series XSL Drilling Rigs for Exploration and Well Water XSC Hydraulic Core Drill rig Water Well Drill Pipes Air compressor Mining & Tunnel machinery Pipe ...

1, dedicated hydraulic telescopic crawler chassis, large diameter slewing ring, with superior stability and ease of transport; 2, Cummins turbocharged engine, the use of advanced electro ...

XR180D rotary drilling rig is composed of a base unit on crawlers and a drilling application module, it is in the foundation construction for ports, railroad bridges and high-rise buildings ...

Fully Hydraulic Crawler Core Drilling Rig The surface core drilling rig is one kind of hydraulic top drive rotary head type drilling rig, which is mainly used in diameter diamond drilling of metal ...

Full Hydraulic Core Drilling Rig Manufacturer- YG Machinery YG series fully hydraulic core drilling rig is a new type of drilling rig developed by our ...

XR400E rotary drilling rig is widely applied in pore-forming work of the cast-in-place concrete pile in construction of foundation works, such as highways, ...

XCMG offers rock drilling equipment for underground mining and tunneling. Our comprehensive range of rigs cover all your needs for production

XUD135H hydraulic tunnel drilling rig is a kind of equipment used in the tunneling construction of mine roadway, water, electricity and other underground ...

1. One machine has multiple functions, and can quickly switch functions such as oil cylinder pressurization, winch pressurization, pipe rubbing machine, long ...

Home / Drilling Machinery / Multifunctional Drilling Rig Hydraulic XMZ120A multifunctional drilling rig for sale Founded in 1943, XCMG is a multinational corporation with the most ...

XDY1500 core drilling rig is specially designed for the general investigation and exploration of minerals which need coring operation, and it is applied to a ...

The intelligent control system realizes the vertical automatic adjustment and display of the drilling mast, automatic rotation, automatic soil throwing, ...

Mobility yes Drilling rig type Fully hydraulic tunnel core drilling rig Drilling depth capability (B/N/H) 150-1200m Engine power (electric) 37 /55 /75 /90 KW Feed stroke 1.1/1.8m Maximum Torque ...

To solve the technological challenges of lower hard rock excavation efficiencies and higher drilling cutter

XCMG Tunnel Fully Hydraulic Core Drilling Rig

wear rates, XCMG made a bold innovation: combine a pneumatic DTH hammer and a ...

Our drilling rigs are widely applied for water well drilling, farm irrigation, geological prospecting, small pile foundation, geothermal air-conditioner and so on.

Rotary Drilling Rig Performance Characteristics The wire rope of the main winch is coiled into single layer, which effectively solves the wear problem of the wire rope and prolongs the ...

We Professional in XCMG XZ Horizontal Directional Drill XCMG XR Rotary Drilling Rig XCMG XR CFA Monitored Continuous Flight Auger XCMG Underground Diaphragm Wall Hydraulic Crab ...

The DMiningwell JY-1000 Fully Hydraulic Core Drilling Rig is mainly applicable to the drilling of solid deposits, can also be used for engineering geology, shallow oil, natural gas, groundwater ...
