What is a Fusheng Sav compressor?

The Fusheng SAV series employs a sophisticated and patented helical rotor tooth design. By combining a specially-made one-piece casing, an intelligent variable-frequency drive, and a control system, the Fusheng screw series compressor is able to feature high levels of efficiency, low energy consumption, and constant loading.

What is a Fusheng rotary screw air compressor?

The Fusheng SA series compressors are built with advanced patented helical teeth rotors and delicately processed one-piece casings. These rotary screw air compressors use premium technology to run efficiently and at low cost.

What is a Sav screw air compressor?

The SAV series screw air compressor comes with a computerized self-diagnostic safety protection feature and it is an industrial grade compressor designed for wide industrial applications. The Fusheng SAV series is verified by TUV Rheinland, a third-party testing laboratory.

What is a screw air compressor?

The screw air compressor comes with an intelligent human-machine interface control system and a computerized self-diagnostic safety feature. It is an industrial grade compressor designed for wide industrial applications. The Fusheng SA series is verified by TUV Rheinland, a third-party testing laboratory.

What is a low pressure screw compressor?

The SL series low-pressure screw compressor uses air ends specially designed for low-pressure applications. The rotor clearance and the housing of the air end are precisely designed with the exhaust source altered, the bearing pedestal enlarged, and all the air ends adjusted to meet the requirements for large air delivery and low pressure.

Why should you choose Kaishan rotary screw air compressors?

The SKY2 air ends that are featured in our two-stage units offer best-in-class efficiency. Safety and Stability: Kaishan rotary screw air compressors are designed to operate safely in nearly all harsh environments from dirty, dusty installations to locations and installations that operate at extreme temperatures.
