

Xy-100 water well drilling rig

XY-100 water well drilling rig is widely used for Water well drilling, Geological Exploration and Prospecting, Geothermal wells, Blast-hole, Irrigation projects, etc.

xy-1 is a hydraulic diesel well drilling machine, suitable for geological drilling, mine prospecting, geological coring, and water well drilling projects. It is compact and lightweight. The nominal ...

Video Technical Parameters Fundamental parameters Max. Drilling Depth 100m Diameter of the initial hole 110mm Diameter of the final hole 75mm Diameter of drilling rod 42mm Angle of ...

Application XY-100 Drilling Rig is a multi-purpose drilling machine for mining exploration, drilling engineering of water well and geothermal installation ...

The XY-100 hydraulic water well drilling rig is a lightweight shallow hole drill with hydraulic feed, making it ideal for exploration, geophysical exploration, road and construction ...

The XY-100 drilling rig has become a trusted choice for geological exploration and shallow water well projects. Designed with a compact structure and lightweight build, it is easy to transport ...

XY-100 water well drilling rig is widely used for water well drilling, geological exploration and prospecting, geothermal wells, blast-hole, irrigation projects, etc. 2.Specifications of XY-100 ...

The pneumatic crawler water well drilling rig is a lightweight, efficient and multi-functional crawler type fully hydraulic drilling rig. It has the characteristics of advanced structure, easy operation, ...

High quality XY-1 Portable Water Well Drilling Rig For Irrigation 100 Meters Depth With Diesel Engine from China, China's leading water borehole drilling equipment product, with strict ...

The XY-1 Borehole Drilling Machine is a compact and portable rig, weighing around 600kg. It is powered by a diesel engine and is equipped with a hoisting ...

High quality XY-100 Hydraulic Water Well Exploration Drilling Machine for Family End Use from China, China's leading water borehole drilling equipment product, with strict quality control ...

XY-1 Core Drilling Rig is suited for the applications of general exploration and investigation, geophysical prospecting, road and construction survey, blast holes, and other drilling operations.

Water well drill XY-100: Used for general investigation, geophysical exploration, high-way and building

Xy-100 water well drilling rig

construction, and blast-hole drilling etc. With hydro-automatic feeding device, and high ...

Xy-100 Water Well Drill Core Drilling Rig Manufacturer in China Supply the best quality Professional Rock Air DTH Drilling Rig at affordable prices. As a factory, we offer top-notch engineering ...

High quality XY-1 Lightweight Portable Sliding Water Well Drilling Rig Machine With 100 Meters Depth from China, China's leading 300mm water boring machine product, with strict quality ...

XY-100 water well drilling rig is widely used for water well drilling, geological exploration and prospecting, geothermal wells, blast-hole, irrigation projects, etc.

The XY-100 is used for general investigation, geophysical exploration, high-way and building construction, and blast-hole drilling, etc. With hydro-automatic feeding device, and high drilling ...

Application XY-100 Drilling Rig is a multi-purpose drilling machine for mining exploration, drilling engineering of water well and geothermal installation system 1. Drilling construction for high ...

Portable water well drilling rig are specialized machines engineered to bore holes into the earth to access underground water sources. Unlike larger industrial rigs these compact units are ...

High quality Shallow Less Depth Tractor Borewell Machine 100 Meters Drilling Depth from China, China's leading product market 150m Depth Water Well Drilling Rig product, with strict quality ...

100M High Speed Core Drilling Rig Water Well Drilling Rig XY-1 Description XY-1 Core Drill is a light drill for shallow hole with a hydraulic feeding. It is efficient and convenient, designed by ...

Professional XY-1 soil drilling equipment with 100m depth capacity. Diesel/motor powered, 100mm hole diameter, 12-month warranty. Ideal for geological surveys.

Compact XY-1A drilling rig for water wells & geological exploration. 150m depth, hydraulic feeding, 13.3kw diesel engine. 12-month warranty included.

We manufacture and supply XY-100 Mining water well drill rig at a factory competitive price with features: XY-100 Mining water well drill rig, 1.model:whole hydraulic type, 2.drilling ...

Video Technical Parameters Fundamental parameters Max. Drilling Depth 100m Diameter of the initial hole 110mm Diameter of the final hole 75mm Diameter ...

Diesel-powered XY-1A water well drilling rig with 100m depth capacity, 150mm drilling diameter, and 90°-75° angle adjustment. Ideal for railways and core drilling.

Xy-100 water well drilling rig

1. XY-1A core drilling rig is applicable to the general survey and exploration of solid deposits, engineering geological exploration and other drilling holes, as well as various concrete ...

XY-100 drilling rig is suitable for census exploration, geophysical exploration, road and building exploration and drilling projects such as blasting. According to ...

More Shandong Master Machinery Group Co.,Ltd. 5yrs Jining, Shandong, China Visit The Store Shandong Master Machinery Group Co.,Ltd. VISIT THE STORE You might also like KQZ ...

High quality XY-1 Portable 100 Meters Water Well Drilling Rig / Crawler Mounted Drill Rig from China, China's leading hydraulic crawler drilling machine product, with strict quality control ...

Product Description XY-200 Core Drilling Rig,water well drill: Used for general investigation, geophysical exploration, high-way and building construction, and ...

XY-1 mining water well core drilling rig geological exploration drilling rig Applications of Geological Drilling Rig Machine XY-1 rig is light shallow hole drill with hydraulic feed.Applicable to the ...
