

Yancheng down-the-hole anchor drilling rig model

We're well-known as one of the leading drill rig, anchor drill rig, rock drill rig, hammer drill rig, down the hole drill rigs manufacturers and suppliers in China.

The YGS series down the hole drilling machine are heavy-duty crawler drilling rigs developed by YG Machinery for high-intensity geological environments, which are suitable for hard rock, ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the drilling hole to rotate and drill to the ore ...

YG150 down the hole drilling machine, large aperture, deep drilling, convenient movement and high efficiency. Click to get free quote now.

The Small DTH (Down The Hole) Drilling Rig is a compact, mobile drilling machine designed for drilling deep and precise holes in a variety of geological conditions. These rigs are particularly ...

The anchor drilling rig is mainly used in hydropower stations, railways and highways, in order to prevent and control various geological disasters, anchoring operations are carried out on ...

The drilling rig can be interchanged between down-the-hole and top-hammer drilling to meet different application needs. And it is easy to transport due to its compact dimensions.

This integrated down the hole drill rig combines air compressor and drilling functions, perfect for DTH boring machine operations in mining.

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the ...

Product Description JL-430s Down the hole anchor drill rig is a diesel and electric dual-use model, which can be power switched at any time. Equipped with ...

HFGA-44 Affordable Mining Blasting Hole Drill/Crawler Down the Hole Hammer Drill Rig for Sale Compact size but powerful drilling capability. Applicable in surface quarry mining and varieties ...

The anchor drilling rig is mainly used in landslide and dangerous rock mass anchoring projects to prevent and control various geological disasters of ...

Yancheng down-the-hole anchor drilling rig model

Anchor rigs have many common names, such as bolt drills, rock drills, bolt percussion drills and so on. The powerhead is an integrated design of impact and rotation and has the function of ...

Such products are provided ... Self drilling anchor tools, Down the hole Drilling Tools, Top hammer tools, Drag Bits, Down The Hole Tools, Casing system, DTH drill rods, bits, hammer, Top ...

Automatic drill change and powerful off-road performance reduce rig assist time. The large displacement high pressure screw air compressor makes the slag ...

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water conservancy, and stonework, as ...

The Foundation Pit Support Anchor Engineering Drilling Rig is crucial for ensuring the stability and safety of construction projects. By securely anchoring ...

Use of Hydraulic DTH Drilling Machine for Sale In the field of mining, the crawler DTH drilling rig is the "main pioneer" of open-pit mines. It can quickly drill blast holes up to tens of meters deep ...

Anchor drilling rig is widely used in hydropower station, railroad, highway slope reinforcement, landslide management and other projects, especially for high slope rock anchoring projects. ...

The main sales products are anchor rig, piling rig (foundation drilling rig), vibro hammer, water well drilling rig, rotary drilling rig and other construction machinery products. The equipment ...

The anchor drilling rig, also known as the anchor rig, is a rigging tool in the bolt support work of the coal mine roadway. It has outstanding advantages in ...

Are you curious about the world of down-the-hole (DTH) drilling and its impact on mining operations? Look no further! In this article, we will delve into the fascinating world of DTH ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

The anchor drilling rig, also known as the anchor rig, is a rigging tool in the bolt support work of the coal mine roadway. It has outstanding advantages in improving support effect, reducing ...

YG integrated down the hole drill rig is highly efficient, energy-saving and powerful, suitable for a variety of complex working conditions.

The RC140Y down the hole drilling machine is an efficient and multi-functional drilling rig in harsh

Yancheng down-the-hole anchor drilling rig model

environments. It can drill to a depth of 62 meters and have a hole diameter of 115-150 mm. ...

Established in June, 2003, Lanteky® Machine is a professional manufacturer and supplier of engineering machinery. We are specialized in MD series anchor drilling rigs, MDL series ...

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called ...
