

Yt27 rock drill water pressure is too high

What is a yt27 pusher leg Rock Drill?

Scope of application Safety instructions Model YT27 is a highly efficient pusher leg rock drill.

How much water pressure should a rock drill have?

Operation Water pressure Set the water pressure to around 3 bar. Maximum water pressure is 1 bar less than the working pressure. For example if the air pressure is 5 bar, then the water pressure must be below 4 bar to Using the rock drill for the first time prevent water entering the impact mechanism.

Where can I find a manual for a secoroc yt27 drill?

Count on Epiroc to deliver the solutions you need to succeed today and the technology to lead tomorrow. epiroc.com Epiroc Drilling Tools AB... View and Download Epiroc Secoroc YT27 operator instructions manual online. pusher leg rock drill. Secoroc YT27 drill pdf manual download.

Why should you use a rock drill?

It is mainly To reduce the risk of serious injury or death to yourself or others, used in either rock drilling work such as mining and tunneling, carefully read through this instruction booklet before putting or in railway, water conservancy construction projects and stone the rock drill to use.

How often should a rock drill be inspected?

Turn off the water pressure before the air pressure. Once a week (after 40 hours of operation) Carry out a basic check of all functions of the drilling equipment. Once a month (after 200 hours of operation) Send the rock drill to a workshop for inspection.

How do you use a rock drill?

Operation Using the rock drill for the first time When the rock drill arrives from the factory, the inside of the tool is coated with heavy oil to prevent corrosion. After unpacking and installing the tool, pour a small amount of lubrication oil into the air connection and operate the tool on partial throttle to clean the interior. 4.

Fault 3: Failure of the gas-water linkage mechanism (1) Causes of failure: First, the water pressure is too high; second, the gas circuit or water circuit is blocked; third, the parts in the ...

The rock drill is a kind of high efficiency air leg rock drill machine. It is mainly used for blasting holes and other drilling works in a quarries, railway construction, ...

YT27 air leg rock drill Jack Hammer stands out as a cutting-edge tool in the realm of rock drilling machinery, owing to its remarkable high-speed performance. ...

YT27 Pneumatic Pusher Leg Rock Drill for Rock Drilling Scopes of application Model YT27 is a highly

Yt27 rock drill water pressure is too high

efficient pusher leg rock drill. It is mainly used in either rock drilling work such as mining ...

YT 27 Pneumatic Rock Drills YT27 is a highly efficient pusher leg rock drill. It is mainly used in either rock drilling work such as mining and tunneling, or in ...

YT 27 Pneumatic Rock Drills YT27 is a highly efficient pusher leg rock drill. It is mainly used in either rock drilling work such as mining and tunneling, or in railway, water conservancy ...

Page 11: Drilling Drilling Starting the rock drill 1. Open the main valve for compressed air. 2. Open the cock for the flushing water. 3. Adjust the feed ...

Product Description The YT27 rock drill is a kind of high efficiency air leg rock drill machine. It is mainly used for blasting holes and other drilling works in a quarries, railway construction, water ...

YT23, YT24, YT27, YT28, YT29 Air Leg Hand-Held Pneumatic Rock Drill Machine for Quarry and Mining
YT24, YT28 series pusher leg rock drills key features as below: 1. Fit for wet drilling in ...

YT27 Air Leg Rock Drill Fit for wet drilling in medium-hard or hard rock Grouped control mechanism, quick to start up, with "air on, water on, air off, water off" mechanism, convenient ...

Jack Hammer Y series of pneumatic rock driller are mainly used in mine, railway, water irrigation works and quarrying works to drill holes. Rock Drill Jack Hammer is suitable for wet or dry ...

Scope of application YT27 is a heavy-duty pusher leg Rock Drill featuring high efficiency and low air consumption is primarily designed for drilling in mines, hydro-power stations, and road ...

The Rukton Minerals YT27 air leg rock drill (Jack Hammer) stands out as a cutting-edge tool in the realm of rock drilling machinery, owing to its remarkable high-speed performance. Tailored ...

YT27 Rock Drill is a rock drilling equipment with high efficiency. It is widely used in rock drilling. It's very important to coal mine, tunnel, railway traffic, water conservancy and so on. YT27 ...

YT27 Air-leg Rock Drill, Instruction The rock drill is a kind of high efficiency air leg rock drill machine. It is mainly used for blasting holes and other drilling works in a quarries, railway ...

It is widely used in rock drilling. It's very important to coal mine, tunnel, railway traffic, water conservancy and so on. YT27 hand-held rock drill is suitable for hard rock, concrete ($f=8\sim 18$) ...

Maximum water pressure is 1 bar less than the working pressure. For example if the air pressure is 5 bar, then the water pressure must be below 4 bar to Using the rock drill for the first time ...

Yt27 rock drill water pressure is too high

Scope of application Model YT27 is a highly efficient pusher leg rock drill. It is mainly used in either rock drilling work such as mining and tunneling, or in railway, water conservancy construction ...

Maxdrill's YT27 air leg rock drills are a new type of rock drills that is high efficient in wet drilling horizontally or at a tilting angle in medium and hard rocks. It has a wide range of applications ...

A complete and high-quality rock drill is composed of 72 components. Each component is meticulously crafted with absolute precision. We adhere to the principle of quality being of ...

?Shenli Mining Machinery Manufacturers Sales Manufacturers?SEHNLI How to use the YT27 pneumatic air leg rock drill? | Work real shot | Rock drill series experiments, YT27 pneumatic air leg ...

YT27 hand held air-leg rock drill is rock drilling equipment with high efficiency. It is widely used in rock drilling. It's very important to coal mine, railway traffic, water conservancy and so on.

YT27 mini air-leg rock drill is a product that we developed, having advantages of all kinds of air-leg rock drills, Compared with other rock drills, YT27 mini air-leg rock drill adopts the latest ...

Using the rock drill for the first time prevent water entering the impact mechanism. When the rock drill arrives from the factory, the inside of the tool Air hose ...

YT27 is a kind of high efficiency air leg rock drill machine. It is widely used for blasting holes and other drilling works in a quarries, railway construction, water conservancy construction and ...

The rock drill is a kind of high efficiency air leg rock drill machine. It is mainly used for blasting holes and other drilling works in a quarries, railway construction, water conservancy ...
