

Yueyang down-the-hole drilling rig quotation

What is a down the hole drilling rig?

Down the hole drilling rig is an impact rotary drilling rig. Its internal structure is different from that of a general rock drill.

What is a down-the-hole drilling machine?

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water conservancy, and stonework, as well as drilling anchor holes in slope support, tunnel support, and foundation pit support. The main drilling object is a rock formation.

What is ygq-100 DTH drilling rig?

The YGQ-100 DTH drilling rig is a method that uses compressed air as the power to convert compressed air into mechanical force to break rocks. The power part is an air motor. YGQ-100 can be used in the absence of electricity, which is safe and reliable.

What is a YGL drill rig?

YGL type low-pressure crawler DTH drilling machine: left and right walking pressure: 13~14MPa, advancing pressure 10~11MPa, rotation pressure 8~9MPa. YGM type medium-pressure down-the-hole drill rig: left and right walking pressure: 17~18MPa, advancing pressure 12~16MPa, rotation pressure 10~14MPa.

Who makes the best DTH drilling rigs?

As one of the most professional DTH drilling rig manufacturers. YG Machinery has developed and produced a series of down-the-hole drilling rigs of different models. And almost all have become hot-selling models. In addition, our down-the-hole drilling rigs are sold to many countries and regions in the world.

What is the pressure of YGL drill rigs?

The pressure of all the company's drill rigs has been set before leaving the factory: YGL type low-pressure crawler DTH drilling machine: left and right walking pressure: 13~14MPa, advancing pressure 10~11MPa, rotation pressure 8~9MPa.

DTH drilling machine, also known as down hole drilling machine, is a professional equipment designed for drilling operations in rock formations. It transmits power directly to the bottom of ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and construction industries. Features include a self ...

DTH hammer is used for drilling holes through a wide range of rock types, the variety of which continues to extend well beyond the original conception of early blast hole drilling. Down-the ...

Yueyang down-the-hole drilling rig quotation

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water conservancy, and stonework, as ...

Down-the-hole (DTH) drilling is a method used to drill boreholes in hard rock formations for various applications such as mining, construction, and quarrying. This technique involves a ...

KQTG-150 Down-The-Hole drilling rig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

The Small DTH (Down The Hole) Drilling Rig is a compact, mobile drilling machine designed for drilling deep and precise holes in a variety of geological conditions. These rigs are particularly ...

As a seasoned manufacturer specializing in rock drilling equipment and associated tools, we export our range of rock drills, down-the-hole drills, top ...

Hunan new diamond construction machinery co.ltd - offering low price down the hole dth hammers drill bit - premium quality material hydraulic motor diesel ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

YG crawler DTH drilling rig drilling depth range is 30-40m, and the hole diameter range is 50-150mm. Now get suitable DTH drilling rig quote!

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

Down the hole drill rig, also known as DTH drilling machine, is applied in mining, engineering, quarrying, geotechnical investigations, etc.

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

KQTG-150 Down-The-Hole drilling rig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for production drilling applications in ...

Down the hole drilling machine is known as a portable drilling rig or tripod drilling rig. There is a variety of models for DTH drilling machines for sale in YG Machinery. The equipment mainly ...

Yueyang down-the-hole drilling rig quotation

The down-the-hole drilling rig usually has an automatic control system that can achieve precise drilling positioning and depth control, improving work efficiency and drilling quality.

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is ...

DTH Drill, also called shallow surface drill rigs and rock drills, combine performance and economy, Mainly used for mining, quarrying, railway, transportation, water, building materials, ...

Surface Drill Rigs Surface Down-the-Hole Drill Rigs Rotary Blasthole Drilling Rig, KG310/KG310H Hole diameter: 780-105mm Hole depth: 20m Feed extension ...

Looking for a reliable and affordable down the hole drilling machine? YG Machinery offers complete DTH drilling solutions including rig, air compressor, drill tools, and after-sales support.

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer activity breaks hard stone into ...

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, ...

YG Small DTH Drilling Machine DTH (Down-the-Hole) drilling technology places the hammer right behind the drill bit at the bottom of the hole. Instead of losing energy along the drill pipe, you ...

We keep a full range of surface down-the-hole drill rigs in stock, ready to ship without delay. Built for power and precision, our rigs ensure deep and efficient drilling in tough ground conditions. ...

Down-the-hole (DTH) drilling rigs are extensively used in metallurgy, mining, railway, hydropower engineering, national defense construction, dredging, earth and stone works and other ...

YG DTH hammer drilling rig is a powerful, precise, and efficient machine for mining, water wells, geothermal, and foundation projects worldwide.

Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy loss caused by the transmission of the ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for

Yueyang down-the-hole drilling rig quotation

open use drilling operations. Equipped with a Yuchai four-cylinder engine, the drill ...

What Are Integrated DTH Rigs? Integrated DTH Rigs are highly compact and efficient. The down-the-hole drilling Rigs that combine the power unit, air compressor, and hydraulic drilling ...

Henan Yugong Machinery Co., Ltd. is a 19-year drilling rig manufacturer, mainly engaged in core drilling rigs, water well drilling rigs, rotary drilling rigs, down-the-hole drilling rigs, anchor drilling ...
