

Yunlong down-the-hole drilling rig rental

Where can I rent a drill rig?

Rig-Rents offers Bay Shore Systems drill rigs, piling equipment, and tooling for rent nationwide.

Why should you rent drilling equipment from rig source?

Renting drilling equipment from Rig Source minimizes any concerns of maintenance, depreciation, and storage, allowing the drilling professionals to solely focus on their drilling projects. At Rig Source, many of our clients prefer rentals over new equipment because we have much more availability in our fleet.

Do you offer low overhead drill rigs?

We offer low overhead models for limited access drilling, Kelly bar extensions, and rubber pads or steel tracks on all drill rigs. We understand the importance of efficient and safe operations. Every piece of equipment undergoes meticulous maintenance to ensure optimal performance on your next drilling project.

Which coring rigs are available for rent?

At Rig Source, we have a variety of coring rigs for rent from top-of-the-line brands including Geoprobe, Versatran, and GTech. These rigs are primarily used for mineral extraction, and our exploration drilling rigs help discover valuable resources below the Earth's surface.

What is a core drill rig?

A core drill rig is a specialized piece of equipment for core sampling. They allow professional drillers to extract a piece of the ground by drilling cylindrical holes in the surface, simplifying the drilling process and eliminating the need for purchasing specialty equipment.

Who is Rig Source?

Rig Source, with our commitment to excellence, stands as a leader in offering some of the best drilling equipment available for rent. Rig Source's extensive inventory is complemented by reliable and highly performing brands such as Geoprobe, Diedrich, Mobile Drill, Versatran, and GTech.
